

LOS ANGELES UNIFIED SCHOOL DISTRICT
REFERENCE GUIDE

TITLE: Salary Levels for School-Based Administrators

NUMBER: REF-857.5

ISSUER: Vivian K. Ekchian, Interim Chief Human Resources Officer
Human Resources Division

DATE: May 27, 2009

PURPOSE: The purpose of this Reference Guide is to provide information regarding the annual review of salary levels for school-based administrators.

MAJOR CHANGES: This Reference Guide replaces Human Resources Division REF-857.4 of the same subject issued April 14, 2008. Attachment A has been updated to reflect the Ewing Study methodology changes and 2008-2009 data.

INSTRUCTIONS: I. Introduction

ROUTING
All Schools and
Offices

On July 1, 1999, the District implemented that portion of the School-Based Administrator Compensation Study that addressed Secondary Assistant Principals (AP); Assistant Principals, Secondary Counseling Services (APSCS); and Assistant Principals, Secondary Student Services (APSSS). Effective July 1, 2001, the District implemented the remainder of the study, which addressed all other school-based administrators.

A representative advisory committee was formed in 2004-2005 to review the original Ewing Study methodology. In 2005, this committee recommended changes to an executive Steering Committee, which then made final recommendations to the Superintendent. Changes were made to the Ewing methodology and continue to be reflected in the attached study.

A. Grandperson Provision

1. School-based administrators are grandpersoned at the salary level reflected in Attachment A of this document, or their current salary level as of this date if higher, as long as they remain at their same location in the same job classification. (In effect, there will be no salary decreases as a result of the 2005-2006 through 2008-2009 Compensation Studies as long as incumbents remain at their same location in the same job classification). This grandperson rule will not apply if there is a change in the management challenge due to various factors, such as a significant decrease in the school enrollment, the creation of small learning communities, etc.

LOS ANGELES UNIFIED SCHOOL DISTRICT REFERENCE GUIDE

2. Employees assigned to a new position (either through reassignment or a first-time assignment to the class) will be paid at the appropriate salary level and will be “grandpersoned” at that level according to the Ewing job evaluation system.
3. As these positions become vacant, they will be filled at the appropriate salary level as listed in the most recent Reference Guide titled “Salary Levels for School-Based Administrators.”

B. Special Education Factor

The special education factor was revised to reflect the increase in the management challenge of special education since the implementation of the original Ewing Study. Points for the special education factor are allocated according to the number of students with Individualized Education Programs (IEPs) at K-12 schools (effective 2005-2006), and the number of students with disabilities at Adult schools (effective 2007-2008), rather than the number of special day classes at a school.

C. Publication Date

The Ewing Study will be published no later than April of each year.

II. Compensation System for School-Based Administrators

A. The School-based Administrator Compensation Study is based upon identified compensable factors developed by an outside consultant (Ewing and Associates) with extensive input from the field. The factors are listed below. Factor 1 is measured individually for each position and location while Factors 2-5 are assessed for the classification as a whole (e.g., Elementary Principal).

1. Management Challenge
 - a. Number of Staff Supervised
 - b. Major Activities and Programs
 - c. Calendar
2. Impact of Decisions
3. Instructional Program
4. External Relationships
5. Time Demands

- B. The Management Challenge factors are to be measured once each school year in the fall, using school data collected as of the District's designated Fall Norm Day. Unless otherwise indicated, increased salary changes based upon this annual measurement will be implemented retroactively, effective November 1, 2008, the first certificated pay period following Norm Day.
- C. For information on salaries for principals and assistant principals for 2008-2009, by school site, please refer to Attachment A.

III. Appeal Process

An individual may appeal the job evaluation results for his/her position by sending a signed letter to Vivian K. Ekchian, Interim Chief Human Resources Officer, Human Resources, 333 South Beaudry Avenue, 14th Floor, Los Angeles, CA 90017, explaining the basis for the appeal. The basis for appeal is limited to claims of abuse of discretion by analysts/staff, mistakes in application of the job evaluation plan, or computational errors. Appeals based on the structure or content of the plan itself will not be entertained in this appeal process. Appeals based on a claim that there has been a significant change in job duties will be handled on a case-by-case basis. The deadline date for the 2008-2009 appeals is June 5, 2009.

A thorough and objective investigation of the substance of the appeal will be conducted and a recommendation will be prepared for review by the Chief Human Resources Officer or designee. The decision of the Chief Human Resources Officer shall be final. A report of the final decision will be communicated to the appellant in writing. The report will be limited only to the basis for the decision. The detailed operational definitions of the factors and subfactors and the point values associated with the factors are strictly confidential and will not be shared with appellants or their representatives.

RELATED RESOURCES:

Los Angeles Unified School District, (July 31, 2000). *School-Based Administrator Compensation Study*, Los Angeles, CA

ASSISTANCE:

For assistance regarding payroll matters, employees should contact their time reporter or supervisor/administrator.

For assistance regarding assignments, contact the Administrative Assignments Unit at (213) 241-6365.

For assistance regarding policy, contact the Personnel Research and Assessment Section at (213) 241-6356.
