High quality professional development is professional development that meets the criteria contained in the definition of professional development in Title IX, Section 9101 (34) of ESEA. Professional development includes, but is not limited to, activities that:

- Improve and increase teachers' knowledge of academic subjects and enable teachers to become highly qualified;
- Give teachers and principals the knowledge and skills to help students achieve high levels as called for by the State's student performance standards;
- Improve classroom management skills;
- Are sustained, intensive, and classroom-focused and are not one-day or short-term workshops;
- Advance teacher understanding of effective instruction strategies that are based on scientifically based research; and
- Are developed with extensive participation of teachers, administrators, and parents.

State the needs assessments conducted to determine the necessity for this professional development (conference attendance). Please include the following information:

- Grade level(s) of your students
- Core areas of instruction addressed by this professional development
- Means of evaluating student progress based on scientifically based research, i.e., Standardized test and Instructional program assessments, as a result of this professional development
